<u>LinkedIn</u> GitHub Portfolio

Location - Nagpur, Maharashtra

### **Experience**:

**Appynitty Communications Pvt. Ltd.** 

Junior React Developer | Oct 2024 - Present

As a React.js Developer, I have been actively involved in developing and maintaining responsive web applications using React.js, Redux, and Context API. My responsibilities included translating UI/UX designs into high-quality code, integrating RESTful APIs, and ensuring optimal performance and cross browser compatibility. I consistently followed best practices in code quality, version control using Git, and testing with tools like Jest and Chrome Dev Tools. My experience also includes working with tools such as Webpack, Babel, and NPM to manage builds and dependencies effectively.

### **Education:**

1. BTech in Electrical Engineering

KDK College of Engineering, Nagpur | 2020 - 2024

2.HSC in Science | 2018-2020

Adarsh Sanskar Vidyalaya Junior College, Nagpur | 2018-2020

### **Projects:**

- Rewards CMS Platform: Developed a CMS with React.js for merchants to manage offers and rewards. Integrated REST APIs and optimized UI components for real-time updates and admin control.
- 2. DMA Data Visualization & Employee Activity Tracking System:

Built real-time dashboards for employee activity tracking with QR code-based validation.

#### Skills:

React.js, JavaScript (ES6+), TypeScript, Redux, HTML5, CSS3, Tailwind CSS, REST APIs, Git, Webpack, CI/CD, Jest

<u>Tools & Platforms</u>: Git, GitHub, VS Code, Jira, Postman, Netlify, Vercel, npm, Node.js, Chrome DevTools

**Certificate:** 

- Applied Cloud Computing for Full Stack Web Development.
- Completed a 6-month Frontend Development Internship at ARC Technologies and Institutions, focusing on React.is projects.
